

Hearts Overflowing

(Brewer & Shipley)

Fill your cup
Lift it up
To heart's overflowing
Drink to me
Here's to we and love ever growing

When I need you I'm out in the rain
When I see you I light up again

Diamond things
Golden earrings
All I could beg or borrow
I would pay or throw away
For one of your todays and tomorrows

When I need you I'm out in the rain
When I see you I light up again

Fill my cup
Lift me up
To heart's overflowing
Drink to me
Here's to we and love ever growing
